

Remarks

The Examiner's finding of allowable subject matter is gratefully acknowledged.

In response to the objection to claim 7 and to the rejection of claim 7 under 35 USC 112, Applicants have amended the claim in the manner that the Examiner has suggested. In regard to the amendment replacing "charging" with --changing--, support therefor is found in the Specification at least at page 4, line 5. Accordingly, it is submitted that no new matter is added thereby.

Having responded to all points of objection and rejection, Applicants respectfully solicit allowance of all claims now pending in their application.

Respectfully submitted,

Martin I. Finston
